Deputy Director - Audit

**Ms. E. Sivaranjani**  
Deputy Director - Admin

**Mr. R. Gokul**  
Assistant Director

### Editorial..

World Environment Day, celebrated on June 5, 2023. In 2023, the theme for World Environment Day was "Solutions to Plastic Pollution". The focus was on reducing plastic waste, raising awareness about the environmental damage caused by plastics, and promoting sustainable alternatives.

After World Environment Day 2023, which focused on "Solutions to Plastic Pollution," the global conversation surrounding plastic waste continued to grow, prompting significant actions from governments, corporations, and individuals. In the second half of the year, several countries, such as Canada and members of the European Union, took bolder steps toward reducing plastic waste. Canada implemented a nationwide ban on single-use plastics, targeting items like straws, cutlery, and plastic bags, while the EU pushed forward its Circular Economy Action Plan, which aims to ensure that more plastic packaging is recycled and less waste ends up in landfills. Meanwhile, in the United States, individual states like California and New York strengthened their own laws regulating plastic use, with a particular focus on packaging and waste management. Corporations, including giants like Unilever and Nestlé, also made important commitments to reduce plastic consumption by shifting to recycled materials and alternative, more sustainable packaging options. Major brands such as PepsiCo and Coca-Cola focused on using biodegradable and plant-based plastics, acknowledging the environmental impact of their operations.

Plastic pollution's link to human health remained a major topic in 2023, with increased focus on the harmful chemicals found in plastics, such as BPA and phthalates, which are known to disrupt hormones and contribute to various health problems. Plastic-free campaigns and educational initiatives encouraged individuals to reduce their plastic consumption, supporting the wider global shift toward sustainability. As we move forward, collaboration across governments, industries, and communities will be essential to achieving a more sustainable, plastic-free world.

# Mile stones of NSF...

On July 4th, 2023, the NSF Office Trust Document was successfully updated and registered. This update ensures that the document reflects the latest changes in the trust's management, including updates to trustee roles, beneficiary information, and distribution plans. Ensuring that the document is accurate and properly recorded helps that the document is recognized and can be used in future legal matters. The successful updation and registration mark an important milestone in maintaining the trust's integrity and clarity, ensuring it continues to serve its intended purpose effectively.

Kumar, certified lead auditor, Ms.V. Sri Santhya, Assistant Director of NSF discussed various guidelines and strategies that encourage the use of renewable resources, energy efficiency, and sustainable building designs. Participants gained valuable insights into how integrating sustainability into campus infrastructure can contribute to long-term environmental and operational benefits, enhancing the well-being of the campus community.

practical knowledge and honing skills in real-world environments. The certificate distribution will be held in the presence of faculty, mentors, and peers who have supported the students throughout their internships. We congratulate all the students for their achievements and wish them continued success as they apply their newfound skills in the future.

On July 18, 2023, an essential Fire Safety Training session will be conducted by Security Fire, Coimbatore, aimed at educating faculty members on how to effectively respond to fire emergencies. The training will cover key topics such as fire prevention, the safe use of fire extinguishers, emergency evacuation procedures, and how to react in the event of a fire. With expert instructors from Security Fire, participants will gain hands-on experience and learn best practices to help reduce the risks associated with fire hazards. We encourage all faculties to actively participate and benefit from this valuable training session, which could be lifesaving in critical situations.

**Special Lecture Programme on  
"National Building Code [Part-11: Approach to Sustainability]"**  
Date/Month/Year Virtually on Google Meet  
<https://meet.google.com/kea-gdbj-kvg>

**Resource Person :** Er. D. Dinesh Kumar  
IGBC, BEE, GRIHA & LEED  
Certified Lead Auditor  
**Topic :** National Building Code - Part 11  
**Date :** 14-07-2023 (Friday), Time : 6-00 pm

**Importance of NBC**

- ◆ Approach to green campus sustainability
- ◆ Energy conservation through HVAC system
- ◆ Green campus initiative through landscaping, vegetation and island effect.
- ◆ Need for environment and energy conservation strategies and opportunities.

---

**Resource Person :** Ms. V. Sri Santhya  
Assistant Director & Deputy Quality Manager  
**Topic :** Audit Checklist based on National Building Code - Part 11  
**Date :** 15-07-2023 (Saturday), Time : 6-00 pm

- ◆ Two days Online Classes at 6:00-7:00 pm followed by Online Examination at 7:00-7:20 pm and feedback at 7:20-7:30pm
- ◆ Certificate will be provided after successful writing of online examination (Multiple Choice Questions) followed by feedback submission.
- ◆ This Lecture programme is compulsory to all the Lead Auditors and Subject Technical Experts.

On July 15, a special lecture on *National Building Code (NBC) Part 11* was conducted. The session explored how the National Building Code (NBC) Part 11 promotes environmentally friendly and sustainable practices in campus development and construction. Resource persons Er. D. Dinesh

On July 8, 2023, KSR College students receive their Internship Completion Certificates. This event marks the successful completion of an invaluable learning experience for students who have dedicated their time and effort to gaining

## *Pre-office Assessment for NABCB Accreditation – July 24, 2023*

On July 24, 2023, a significant momentous will be remarkable as the organization will undergo a Pre-office Assessment for NABCB (National Accreditation Board for Certification Bodies) Accreditation, led by esteemed NABCB Assessor, Mr. R.D. Khatri. This assessment is a critical step toward ensuring that our institution meets the high standards required for national accreditation, which will further enhance the quality of our services and operations. During this assessment, Assessor evaluate various aspects of our processes, systems, and documentation to ensure compliance with NABCB's stringent criteria. NABCB accreditation will not only validate our organization's commitment to excellence but also increase our credibility in the industry, assuring stakeholders of our quality and operational efficiency. This assessment is an important step in our continuous journey toward improving service delivery and achieving greater operational standards.

## *In Loving Memory of Mr. E. Ponnusamy, Our Treasurer*

It is with deep sorrow and heavy hearts that we state the passing of our esteemed Treasurer, Mr. E. Ponnusamy, on August 4, 2023. His untimely departure has left a profound void in our organization and within the hearts of all who knew him. During his time with us, Mr. Ponnusamy worked tirelessly behind the scenes, ensuring that our financial operations ran smoothly, and that the organization's resources were managed with utmost care. His wisdom, patience, and thoughtfulness will be missed by all of us. As we mourn his loss, we extend our deepest condolences to his family and loved ones. Mr. Ponnusamy's legacy of service and dedication will continue to inspire us all.

## *Welcoming Mr. E. Murugesan as the New Treasurer*

We are pleased to announce the appointment of Mr. E. Murugesan as the new Treasurer of our organization, effective August 10, 2023. Mr. E. Murugesan brings with him a wealth of experience and expertise in management, which will be invaluable as he steps into this important role. His leadership will be instrumental in guiding the institution towards continued financial stability and growth. As we bid farewell to our beloved former Treasurer, Mr. E. Ponnusamy, we are confident that Mr. E. Murugesan will build upon the strong foundation laid by his predecessor. We look forward to working together and supporting Mr. E. Murugesan as he takes on this responsibility.

## Lecture for Eco Club Students

On August 22, 2023, Eco Club students at Karunya University, Coimbatore, were fortunate to attend an insightful lecture on *Waste and Water Management* conducted by environmental skilled Ms. V. Sri Santhya. The session was designed to deepen the students' understanding of the pressing issues surrounding environmental sustainability, focusing specifically on effective waste disposal practices and water conservation techniques. The lecture also provided practical solutions for students to adopt in their daily lives, encouraging them to implement eco-friendly practices and spread awareness about the significance of sustainable living. This event was a part of Karunya University's ongoing commitment to fostering a greater sense of responsibility among students toward environmental conservation.

## Signing of MoU with Nehru Arts and Science College

On August 21, 2023, NSF entered into a significant partnership with Nehru Arts and Science College, Coimbatore, Tamil Nadu, through the formal signing of a Memorandum of Understanding (MoU). This collaboration aims to offer a Green Skill Development course for First Year Undergraduate students, furthering the commitment of both institutions to fostering sustainability and environmental consciousness among young learners.

The Green Skill Development course is designed to equip students with the necessary skills and knowledge to address contemporary environmental challenges. Through this partnership, students will gain insights into green technologies, sustainable practices, and environmental management, preparing them to contribute positively to eco-friendly initiatives in their future careers. This MoU marks the beginning of a new chapter in the academic and environmental journey of both organisations, as they work together to create a generation of students equipped with the skills to drive sustainability efforts in various industries.

## Pooja at NSF office

On September 6, 2023, a special Pooja was held at the NSF office, marking a moment of devotion, unity, and blessings for the ongoing work and success of the organization. The ceremony was attended by staff members, and well-wishers, who

gathered to seek divine blessings for the prosperity, growth, and well-being of everyone associated with the NSF office.

## Inaugural of the International Eco Club Students Chapter

On September 8, 2023, NSF inaugurated the International Eco Club Students Chapter. This new chapter aims to bring together students who are passionate about environmental sustainability and global eco-friendly initiatives. We are

## NABCB Office Assessment: Ensuring Quality and Compliance

On September 10 and 11, 2023, our office underwent a comprehensive assessment by NABCB (National Accreditation Board for Certification Bodies) assessors, Mr. R.D. Khatri, Lead Assessor, and Mr. C.M. Sharma, Assessor. This assessment was a critical step in evaluating the effectiveness of our systems and processes in line with NABCB's stringent quality standards.

During the two-day evaluation, the assessors reviewed our operations, compliance procedures, and documentation to ensure we meet the necessary criteria for accreditation. Their expert insights and recommendations will play a key role in helping us enhance our practices and continue to deliver high-quality services. The assessment is part of our ongoing commitment to maintain the highest standards of quality and transparency. We appreciate the valuable feedback provided by Mr. R.D. Khatri and Mr. C.M. Sharma and look forward to implementing improvements based on their observations.

## International Eco Club Students chapter at Auxilium College

On October 11, 2023, the inaugural event for the International Eco Club Students Chapter at Auxilium College, the inauguration featured speeches from faculty and student leaders, who emphasized the importance of environmental responsibility and the role students can play in creating a sustainable future. The International Eco Club will serve as a platform for students to collaborate on eco-initiatives, engage in environmental advocacy, and participate in local and international sustainability projects.

## MoU Sign with...

On October 14, 2023, our organization signed a Memorandum of Understanding (MoU) with KPR Institute of Engineering and Technology, Coimbatore, Tamil Nadu. This

partnership reflects our commitment to providing students with broader learning opportunities and exposure to industry-relevant knowledge. We are excited about the prospects of this collaboration and look forward to working closely with KPR Institute of Engineering and Technology in the years to come. It is designed to foster long-term relationship that will contribute to the growth of academic and professional excellence in various disciplines.

## 175<sup>th</sup> Audit Celebration

## Celebrating Diwali with Kindness

As part of the Diwali celebrations, on November 12, 2023, NSF made a generous food donation to "All The Children's Home", spreading festive joy and kindness to the children there. This gesture of giving reflects NSF's commitment to community welfare and making a positive impact beyond just academic and professional endeavours. The staffs involved took immense pride in participating in this heart-warming initiative, knowing that they were helping to brighten the lives of these children during one of the most celebrated festivals of the year. NSF looks forward to continuing such initiatives and making a meaningful difference in the community.

## NACCB Follow-up Office Assessment

On December 3, 2023, our office underwent a follow-up assessment conducted by the NACCB (National Accreditation Board for Certification Bodies) team, led by Mr. R.D. Khatri, Lead Assessor. This assessment was a crucial step in reviewing the improvements made since the initial evaluation and ensuring our systems align with NACCB's rigorous quality standards.

The follow-up visit allowed the assessors to verify the actions taken based on their previous recommendations, as well as to offer further guidance to enhance our operational processes. We appreciate the valuable insights shared by Mr. R.D. Khatri and the NACCB team, which will help us achieve excellence in our services. The ongoing commitment to quality and continuous improvement is at the heart of our efforts, and we are confident that this follow-up assessment will contribute significantly to our organizational growth.

## NACCB Witness Assessment at Nehru Arts and Science College

On December 4, 2025, a significant witness assessment took place at Nehru Arts and Science College, Coimbatore, Tamil Nadu. This assessment, conducted by NACCB

representatives, was an important step in ensuring that the college's systems and processes meet the required standards for certification and accreditation.

## NACCB Witness Assessment at Providence College for Women, Coonoor

On December 5, 2023, a detailed witness assessment was conducted at Providence College for Women, Coonoor. The assessment, led by NACCB representatives, aimed to evaluate the college's compliance with national standards and verify the effectiveness of its systems and practices. The feedback and recommendations provided during

this assessment will be crucial in further strengthening the college's commitment to quality education and operational excellence

and checklists to assess the college's sustainability practices. These audits focused on evaluating the college's environmental impact, waste management strategies, energy consumption, and e-waste handling practices, with the goal of promoting more sustainable operations on campus.

A couple of audit parameters (Green Campus, Hygiene and Energy) were validated and on-site verification was executed at Nirmala College of Pharmacy, Kerala on July 26, 2023. Dr. Jose Mathew, Mr. A. Karthick, Dr. N.V. Dhanya, conducted the audit on behalf of Nature Science Foundation.

M. Rajesh, Dr. K. Jegatheesan, Dr. D. Vinoth Kumar conducted audit on Green campus, Environment and Energy audits at Mannar Thirumalai Naicker College (Autonomous), Madurai, Tamil Nadu.

Both, Green Campus and Energy audits were conducted at Sri Saradha Arts and Science College for Women, Perambalur, Tamil Nadu, on August 16, 2023. Dr. D. Vinoth Kumar, Mr. K. Manikandan are the Lead auditors, performed the on-site audits in accordance with

standard protocol.

A couple of audit parameters, including Green Campus, Environment, and Energy audits, were validated at Mangayarkarasi Arts and Science College for Women in Madurai, Tamil Nadu. The team led by Dr. M. Rajesh, Dr. M. R. Jeyaprakash, Dr. D. Vinoth Kumar conducted the audits

Green Campus, Environment, and Energy audits were conducted at Kalaignarkarunanidhi Institute of Technology, Coimbatore, Tamil Nadu on July 21, 2023. The audits were led by Mrs. Thenmozhi Rajaram, Ar. N.M. Pradeep Kumar, Dr. D. Vinoth Kumar. The auditors checked different aspects of the campus and looking for areas of improvement or compliance.

Green campus, and Energy audits were performed at Vishalakshi College for Women, Udamalpet, Coimbatore, Tamil Nadu on July 22, 2023. A team of auditors, Mrs. Thenmozhi Rajaram, Dr. A. Thangavel, Mr. R. Krishna Kumar, and all representing NSF conducted the above audits following the standard protocol and checklist.

Green Campus, Environment, and Energy audits were conducted at Loyola Institute of Technology and Science, Kanyakumari, Tamil Nadu on July 27, 2023. The audits were led by, Dr. D. Vinoth Kumar, Mr. S. Ganesaguru, Mr. K. Manikandan.

Wide-range of audits (Green Campus, Environment and Energy audits) were conducted by Dr. D. Vinoth Kumar, Mrs. V.O. Sangeetha, Er. D. Dinesh Kumar on behalf of Nature Science Foundation at Velammal Institute of Technology, Chennai on August 05, 2023.

Green Campus, Environment and Energy audits were conducted at St Ann's College for Women, Guntur, Andhra Pradesh on August 07, 2023. Dr. D. Vinoth Kumar, Er. D. Dinesh Kumar, Dr. E. Vijayakrishna Rapaka are the Lead auditors representing Nature Science Foundation, Coimbatore. The team performed the walk-through audits in accordance with standard procedures and checklist.

On August 14, 2023 Nature Science Foundation audit team Dr.

representing NSF.

On August 28, 2023 Nature Science Foundation audit team were conducted a set of audits includes Green campus, Environment and Energy Audit. The validation process aimed to ensure the college's efforts align with established standards and promote a more eco-friendly

campus environment.

Green Campus, Environment and Energy audits were conducted at V.S.B. Engineering College, Karur, Tamil Nadu on September 02, 2023. The Green Campus audit was led by Dr. D. Vinoth Kumar and Dr. N. Nagadeepa, while the Environment audit was carried out by Dr. S. Ganesaguru. The Energy audit was undertaken by Er. P. Thirumoorthi.

Green Campus, Environment and Energy audits were conducted at KCG College of Technology on September 12, 2023. The team Dr.P.K.Dhanalakshmi was handled by Green Campus audit, Dr.L.

Krishnasamy was pursued by Environmental audit and Dr.D. Vinoth Kumar was undertaken by Energy audit.

A comprehensive audit including Green Campus, Environment, Energy, Waste Management, Gender audits has been executed at Soka Ikeda College of Arts and Science for

Women, Chennai on September 13, 2023. The team led by Dr.P.K.Dhanalakshmi, Dr.M.R.Jeyaprakash, Dr.B. Vijayalakshmi, and Dr.D.Vinoth Kumar, followed standard

protocols and checklists during the audits.

Green campus, Environment and Energy audits were performed at JSS College of Arts, Commerce and Science, Mysore, Karnataka on October 04, 2023. Dr.S. J. Veeresh were conducted the Green Campus audit while Environment audit was accomplished by Dr.M.R.Jeyaprakash and Energy audit was handled by Dr.D. Vinoth Kumar.

Wide-range of audits includes Green Campus, Environment and Energy audits were conducted by on behalf of Nature Science Foundation, Coimbatore at J.K.K.Munirajah Institute of Health

Sciences College of Pharmacy, Gobichettipalayam, Erode on October 05, 2023. The team of lead auditors are Dr.R. Mary Josephine, Ar.N.M. Pradeep Kumar, by Dr.D. Vinoth Kumar were organized in accordance with standard protocols and checklists to ensure thorough assessment of the college's sustainability practices.

On October 13, 2023, an Energy Audit was validated at Government College of Technology, Coimbatore, Tamil Nadu. The audit was carried out by Dr.D.Vinoth Kumar and Er. A. Karthick. The validation aimed to assess the energy usage and efficiency of the campus, with a focus on identifying areas for improvement to promote energy conservation and sustainability on campus.

Green Campus, Environment and Energy audits were conducted at Nehru College of Pharmacy on September 17, 2023. The team of lead auditors representing NSF are

Dr.D.Vinoth Kumar, Er. A. Karthick, Er.P.Thirumoorthi, Er.C. Anandhakumar.

A wide range of audits, including Green Campus, Environment, Energy, and Academic & Administrative audits, were conducted on behalf of Nature Science Foundation, marking the milestone of its 150th Green audit at St. Joseph's College

in Darjeeling, West Bengal. The audits were carried out by a team of lead auditors: Dr. Dulur Brahma, Dr. Ananta Swargiary, and Dr. D. Vinoth Kumar. The team performed on-site audits in accordance with standard protocols, focusing on evaluating the college's sustainability practices, environmental impact, and overall academic and administrative operations to promote more

sustainable and efficient campus functioning.

A comprehensive audit including Green Campus, Environment, Energy, Waste Management, Soil and Water, Air Quality and Hygiene audits has been executed at PSNA College of Engineering and Technology, Dindigul, Tamil Nadu on November 20, 2023. A team comprised of Dr.N. Ahamed Sheriff, Ar.N.M.Pradeep Kumar, Ms.V. Sri Santhya, Dr.K. Manikandan, Ms.M.Nithya were

entrusted to complete the audit procedures.

On November 9, 2023, a

comprehensive Green Campus, Environment, and Energy Audit was successfully conducted at Dr. C.S.N Degree and P.G. College, located in Bhimavaram, West Godavari District, Andhra Pradesh. The audit was executed by Dr. D. Vinoth Kumar and Dr. Alagappan Gandhi, both experts in the field, following established norms and standards for sustainability assessments in educational

institutions.

On request by Dr. R.A.N.M Arts and Science College, Erode, Tamil Nadu an on-site Green Campus Audit were conducted by Nature Science Foundation team Lead auditors on November 17, 2023.

Green campus, Environment and Energy audits were performed at Dhaanish Ahamed Institute of Technology, Coimbatore, Tamil Nadu on November 20, 2023. As part of the audit, the team

assessed the efficiency of existing energy systems, examined the use of renewable energy sources, and identified opportunities for reducing

carbon emissions.

The team Ar.N.M. Pradeep Kumar, Ms.M.Nithya, Er.A.Karthick representing Nature Science Foundation were conducted Green, Environment, Energy audit simultaneously at MEA Engineering College, Malappuram, Kerala on November 20, 2023.

On November 21, 2023, Mar Ivanios College (Autonomous), located in Thiruvananthapuram, Kerala, underwent a series of comprehensive audits focusing on Environment, Energy, and Green Campus initiatives. The Green Campus Audit was spearheaded by Dr. N.V. Dhanya, who led the team through the formalities of assessing the campus's environmental impact, green practices, and resource management strategies. Dr. B. Gopalasamy was responsible for the Environment Audit, Dr.D. Vinoth Kumar conducted an on-site

Energy Audit to assess the efficiency of the campus's energy systems.

Green campus, and Energy audits were performed at M.G.R. College, Hosur, Tamil Nadu on November 24, 2023. Dr.R. Suganya and Dr.D. Vinoth Kumar both assess and provide valuable insights.

On November 25, 2023, Voorhees College in Vellore, Tamil Nadu, conducted both Green Campus and Energy Audits to assess and improve the sustainability practices on campus. The audits were led by Dr. T. Anitha, who oversaw the Green Campus Audit, and Dr. D. Vinoth Kumar, who conducted the Energy Audit.

On December 4 and 5, 2023, a detailed witness assessment was conducted at Nehru Arts and Science College in Coimbatore and Providence College for Women in Coonor. The assessment, led by representatives from the National Accreditation Board for Certification Bodies (NABCB), aimed to evaluate each college's

resource management strategies.

A thorough Green and Environment audit was conducted at Sona College of Technology, Salem, Tamil Nadu on December 11, 2023. The audit team, led by Dr. M. Jayashree and Mr. S. Ashwin Babu, meticulously evaluated the college's

Technology, Namakkal, Tamil Nadu on December 13, 2023. Mr. S. Ashwin Babu led the Green Campus audit, Dr.S. Ganeshhaguru and Dr. Nallakumarasamy were responsible for the Environment audit, for the Energy audit, Er. A. Karthik and Dr. S. Aravind conducted a detailed review of the college's energy consumption.

Comprehensive series of audits Green campus, Environment, Energy and Waste Management audits were conducted at Jawaharlal Nehru College, Pasighat, Arunachal Pradesh simultaneously on December 13,20203. A team of experienced lead auditors, including Dr. Dulur Brahma, Dr. Ananta Swargiary, and Dr. D. Vinoth Kumar, carried out the evaluations to assess the college's sustainability practices and resource management strategies.

compliance with national standards and assess the effectiveness of their systems and practices. During the assessment, a thorough review was conducted of the colleges' policies, procedures, and practices, with a focus on quality management, student welfare, and overall institutional efficiency.

sustainability practices and environmental impact.

Extensive range of inspections on Green campus, Environment and Energy audits at Holy Cross Home Science College, Thoothukudi, Tamil Nadu on December 08, 2023. The audit team, led by Dr. V. Nirmal Kannan, Dr. K. Manikandan, and Dr. D. Vinoth Kumar, thoroughly evaluated the college's sustainability practices and

Green campus, Environment and Energy audits were performed at Gnanamani College of

On December 27, 2023, K.S.R College of Engineering, Tiruchengode, Namakkal, Tamil Nadu, conducted comprehensive Green Campus, Environment, and Energy audits to evaluate and enhance the college's sustainability and resource management practices. The audits were carried out by a dedicated team of experts, each overseeing specific areas of the evaluation process.
