

Regd. No. 114/2017

# NATURE SCIENCE FOUNDATION

(A Unique Research and Development Centre for Society Improvement)

[ISO/IEC 17020:2012 and ISO/IEC 17021:2015 Accredited Inspection

(Reg. No.: IB 121) and Certification (Reg. No.: QM 097)

Bodies by NABCB, QCI, Government of India]

## **“Pioneers in Excellence”**

**NSF proudly stands as  
Tamil Nadu’s first and India’s  
third NABCB, Government of  
India accredited Organization**

**350+ Green, Energy,  
Environment, Waste Management  
and ISO Certification Audits  
conducted till May 2026**

No.2669, LIG-II, Gandhi Managar, Peelamedu,  
Coimbatore - 641 004, Tamil Nadu, India.

## About Nature Science Foundation

Nature Science Foundation (NSF) is functioning energetically to conduct different awareness programmes and implement various schemes to public and school / college students for the noble cause of nature conservation and environmental protection. NSF is the ISO/IEC 17020:2012 accredited Type 'A' Inspection Body by NABCB (Reg. No. IB 121) to conduct green audits. Similarly, NSF is also ISO/IEC 17021:2015 accredited (Reg. No. QM 097) by NABCB, Quality Council of India, Ministry of Commerce and Industry, Government of India to conduct ISO certification audits. NSF has received 12A, 80G and Form 10AC certificates for Government funding and income tax exemption. NSF has also received 'CSR Certificate' to get Corporate Social Responsibility (CSR) funds from Corporate companies for social, environmental, or philanthropic initiatives such as education, healthcare, rural development and environmental sustainability activities. The Motto of NSF are 'Save the Nature to Save the Future' and 'Go Green to Save the Planet'.

### Vision:

To be the leading research and development cum extension centre for Academicians, Scientists, Technologists, Engineers, Entrepreneurs, Social Workers and Volunteers in Nature Conservation, Education and Socio-Economic Innovations.

### Mission:

- Conserve the nature from environmental pollution by traditional and modern technologies through green and environment sustainability audits.
- Safeguard the traditional knowledge of biodiversity and implement the restoration programmes in Western Ghats of India through various stakeholders.

### Achievements of NSF :

1. NSF proudly stands as Tamil Nadu's first and India's third NABCB, Government of India accredited Organization to conduct Green and Integrated ISO QMS & EOMS Certification audits.
2. A total 350+ Organizations undertaken Air Quality, Carbon, Environment, Energy, Fire safety, Green, Hygiene, Soil, Water and Waste Management audits as per the NABCB guidelines by following 17020:2012 standards.
3. Based on the checklists of ISO QMS 9001:2015, EMS 14001:2015 and EOMS 21001:2018 standards, Academic Institutions and Industrial sectors are assessed for their ISO certifications.
4. A total of 127 well trained Lead Auditors and 25 Technical Experts are nominated across the world to conduct various types of audits who are certified by IGBC, GBCRS, GRIHA, BEE, LEED, CII-GreenCo, ASSOCHAM, FSRS, SBICM and ISO.
5. International Eco Club student chapters are successfully launched at Academic Institutions in which more than 25000+ students are involved for the noble cause of nature conservation.
6. International Journal of Nature Science, International Journal of Computer Science and Management and International Journal of Social Science and Commerce are launched by NSF.
7. More than 5000 meritorious candidates are conferred as 'Best Faculty / Scientist Award, Best School / College Student / Teacher Award, Young Scientist Award, Best Social Worker Award, Lifetime Achievement Award and Fellow of NSF' for their academic contribution.
8. Trained more than 8500+ Students in Polytechnic, Engineering, Technology, Arts and Sciences through Skill Development programme and Lead Auditor Courses for their job opportunities.

## Vertical – I

### Air Quality, Carbon, Environment, Energy, Fire Safety, Green, Hygiene, Soil, Water and Waste Management Audits

These audits are introduced for the benefit of NAAC, NBA, NIRF and world rankings and to provide an ecofriendly and personal hygienic atmosphere to the stakeholders. Based on the checklists prepared as per the 'National Building Code Part-11: Approach to Sustainability' Checklists and ISO QMS (9001:2015), ISO EMS (14001:2015), ISO EnMS (50001:2018) and ISO/IEC 17020:2012 standards in line with NABCB guidelines, audit processes are being carried out. The audits are being carried out in the form of observations, report preparation, corrective actions and recommendations to Educational Institutions, Research & Development Organizations, Government and Industrial sectors.

1. **Air quality audit:** It is nothing but it is a comprehensive assessment of indoor or ambient air which in turn useful to assess the purity of air, ensuring safe respiration for humans and animals and supporting healthy plant growth.
2. **Carbon audit:** Carbon audit is a systematic process and data-driven assessment of an organization's greenhouse gas (GHG) emissions to the atmosphere and measures taken to control the carbon emission.
3. **Environment Audit:** To observe how the campus surroundings affect the environment, environmental pollution, rain harvesting system, CO<sub>2</sub> level, carbon foot print, recycling of solid wastes and wastewaters.
4. **Energy Audit:** To ensures the energy conservation and saving opportunities, renewable energy utilization, use of solar panels & water heaters, air ventilation and day-lighting facilities in the campus.
5. **Fire Safety Audit:** It is a new method of assessment for evaluating an Organization building's fire safety requirements and building constructions in which built-in fire risks and how to reduce the risks due to fire and construction materials will be recommended.
6. **Green Campus Audit:** To assess the green initiatives taken by the Management by planting trees, vegetation, topography, landscape design, soil erosion control, biodiversity conservation, etc. in the campus.
7. **Hygiene Audit:** To maintain environmental and personal hygiene, cleanliness, disposal of food wastes, food handler's personal safety, pest control, napkin disposal facility and microbial load in the surroundings.
8. **Soil Audit:** To ensure the quality of soil which determine the soil edaphic parameters for landscaping, plant cultivation and building construction management practices in the campus for environment sustainability.

9. **Water Audit:** To ensure the quality of soil and water, use of hardware items, fixtures, equipment, landscaping and management practices to determine the efficiency of soil and water in the campus.

10. **Waste Management Audit:** To record recycling facilities and disposal methods of solid wastes, e-wastes, steel, plastics, biomedical, hazardous, bio wastes, wastewaters and origin of wastes in the campus.

11. **Academic & Administrative Audit:** To impart the quality of education to the students and scholars through highly qualified staff by providing eco-friendly atmosphere and academic environment.

### Audit Process:

Based on the checklists prepared as per the 'National Building Code Part-11: Approach to Sustainability' parameters and ISO QMS 9001:2015, EMS 14001:2015, ISO EnMS 50001:2018 and ISO/IEC 17020:2012 standards in line with NABCB guidelines, audit processes will be undertaken which will be treated as one-time green audit for one cycle with intermittent surveillance audits. The surveillance audits will be conducted every two years. Audit certificates along with reports will be given after visiting the campus by a team of certified Lead Auditors based on their recommendations.

As per the NAAC, it is advised that in case of any educational institution goes for green audit, it should ensure that the agency is accredited as per ISO/IEC 17020:2012 for a recognized standard / criteria for green audits by NABCB, Quality Council of India, Ministry of Commerce and Industry, Government of India or any member of ILAC and the report / certificate carries the logo of AB. These requirements are satisfied by the NSF holding NABCB (Reg. No. IB 121) certificate.

### National Building Code Part 11: Approach to Sustainability:

It is a comprehensive building code and national instrument providing guidelines for regulating the building construction activities across the country. It serves as a model code for the adoption of all agencies involved in building construction works. It includes Public Works Department, other Government construction departments, local bodies or private construction agencies. The scope 11 covers the parameters required to be considered for planning, design, construction, operation and maintenance of buildings from sustainable point of view.

### Audit Fee for Green, Environment, Energy, Waste Management, etc.:

Since NSF is the ISO/IEC 17020:2012 Accredited Type 'A' Inspection Body by NABCB, the audit fees will be fixed based on the number of stakeholders of the organization along with the number of buildings / blocks including the total area (acres) of the campus. The fees are varied between Arts and Science Colleges, Engineering & Technology Institutions, Government / Aided Colleges and Central / State / Deemed Universities.

## Validity Period for Audit Reports and Certificates:

Audit Reports and Certificates are valid for two years. Surveillance audits will be conducted biennially to ensure sustained environmental stewardship and the preservation of the organization's soil and water ecosystems for the benefit of their stakeholders.

## List of Instruments used for the conduct of Audits:

During the on-site visit and conduct of various audits, the below listed instruments are used to check the specific parameters in the view of maintaining the quality of environment, water, air and soil ecosystem. All the instruments are calibrated by ISO 17025 accredited labs for accuracy of results.

### Oxygen Meter

It is used to measure the oxygen level in the atmosphere. Suitability of the instrument are range between 0 to 30% O<sub>2</sub>, resolution of 0.1%, accuracy is ± (1% reading + 0.2% O<sub>2</sub>), response time is ≤ 15 seconds, environment pressure range is 0.9 to 1.1, temperature resolution is 0.1°C at 25°C.

### Carbon dioxide Meter

It is to measure the carbon level in the atmosphere. Suitability of the instrument are range between 0~4000 ppm, resolution of CO<sub>2</sub> Meter is 1 ppm, accuracy is ≤ 1,000 ppm, repeatability is ± 20ppm, temperature resolution is 0.1°C at 25°C.

### Light (LUX) Meter

It is to calculate the light intensity in the organization. Suitability of the instruments are, 5 ranges. ie., 40.00, 400.0, 4,000, 40,000, 400,000 Lux, operating temperature is 0 to 50°C, Operating humidity is less than 80% RH, Power consumption is DC 8 mA approximately.

### Sound Level Meter

It is to measure the noise level in the organization. Suitability of the instruments are measurement range is 30-130 dB, resolution is 0.1 dB, accuracy is (23±5°C), Frequency of the instrument is 31.5 to 8,000Hz, Operating humidity is less than 80% RH.

### pH Meter

It is generally used to measure the pH level in water. Suitability of the instrument are range of the pH meter is 0–14, accuracy is ± 2%, resolution of the instrument is 0.1 pH, operating temperature is 0 to 50°C (32 to 122°F).

### TDS Meter

It is generally used to measure the TDS level in water. Suitability of the meter are range of TDS meter is 0–9990 ppm (mg/L), operating temperature is 0 to 80°C (32 to 176°F) and accuracy is ± 2%.

### Digital Clamp (Voltage) Meter

It is used to check the input and output voltage between two points of an electrical circuit of Alternating Current (AC) and Direct Current (DC) by means of the high resistance of the voltage that impede the flow of current.

### Air Quality Index Meter

An AQI meter measures air pollution levels by tracking pollutants like PM2.5, PM10, nitrogen dioxide, sulfur dioxide, carbon monoxide, and ozone. The AQI scale ranges from 0 to 500, wherein, lower values indicate cleaner air, higher one indicates pollution levels.

## Vertical – II

# ISO Quality Management System (9001:2015) and Educational Organizations Management System (21001:2018) Certification Audits

### What is EOMS (ISO 21001:2018)?

As per the NAAC advisory circular (F.No.14-29/2022 dated 26.05.2022), all the educational institutions are advised to obtain ISO 21001 certification in lieu of ISO 9001 certification which is the older version. Educational Organizations Management System (EOMS) represent ISO 21001:2018 standards are the set of management tools and provides evidence of best practices followed in the field of education. EOMS is the advanced version of Quality Management System (9001:2015) which is specifically designed for educational institutions. It reviews the curriculum & syllabus design, teaching & learning process, research & development, learner's satisfaction & support services and infrastructure facilities.

### Why EOMS matters today and Why it should be adapted?

The Educational Organizations Management System (EOMS) is playing important role teaching and learning process. Globally, educational institutions are under increasing pressure to demonstrate:

- Governance and compliance
- Quality assurance in academic delivery
- Risk management and internal controls
- Sustainability, ethics, and outcome-based education
- Alignment with national and international standards

Colleges and Universities are no longer evaluated only on infrastructure or syllabus. They are evaluated on systems, processes, leadership and measurable outcomes. This is where EOMS Lead Auditors become critically relevant. Traditional ISO or compliance auditors who do not understand the education ecosystem are finding themselves limited.

### Why NSF for ISO 21001 Certification?

NSF is the NABCB-accredited Inspection and Certification Bodies under ISO/IEC 17020:2012 and 17021:2015; respectively, offers global expertise in ISO 21001 (EOMS) certification. With over 300+ successful audits across the world, NSF has 127 empanelled Lead Auditors and 25 Technical Experts to execute high-quality, transparent and ethical audits that ensure learner-focused assessments. Choosing NSF ensures compliance, credibility and continual improvement for educational excellence.

### Who can apply for ISO EOMS Certification?

- Schools
- Colleges
- Universities
- Distance Education
- Research Organizations
- Laboratories
- Coaching Centres
- Tutorial Institutes
- Tuitions Hubs
- Vocational Learning
- E-Learning Institutes
- Soft Skills Academy
- IT & Browsing Centres
- Projects Services
- Internships Academy
- Scholars Education
- Training Providers

\*\*\*\*\*

### Institution's Letter Heads and Sign Boards

The Institution's name boards displayed at the main gate/front gate and the Institution's letterheads may proudly bear the phrase "ISO 21001:2018 Certified Organization." It will help to attract the stakeholders at large by assuring them that the organization is committed to providing quality education. Schools, Colleges, Universities, Research and Development Organizations, Coaching Centres, Tutorial Institutes, Tuition Hubs, Soft Skill academy and etc. are being involved in ISO EOMS certification audits.

# Implications of ISO EOMS for Rankings & Accreditations - Strategic Comparison

NAAC / NBA Accreditations	NIRF Rankings	World Rankings
Accreditation (Quality Certification)	Ranking (Performance Positioning)	Ranking (Performance in Global level)
Comprehensive qualitative & quantitative measurements	Purely data-driven rankings with globally accepted best practices	Outcome based ranking at International level with and regulatory standards
Focus on internal quality systems and cycle-based	Focus on measurable performance in annual basis	Focus on outcome based in global scenario
Establishes the quality of education in the academic and administrative processes for better performance.	Improve Government funding, schemes and recognitions to achieve in consistent results in academics.	Useful for global rankings like QS Sustainability, THE Impact, UI Green Metric and etc. for governance & quality assurance.

## Documents and Records for ISO 21001:2018 certification:

Leadership & Governance, Student Support & Counselling, Curriculum & Syllabus design, Teaching & Learning, Infrastructure facilities, Research & Development, Innovation & Community Engagement and Social Responsibility should be showcased at the time of ISO 21001:2018 certification.

## Assistance of the ISO 21001 EOMS include:

- The certification empowers you to deliver an effective educational service, customised experience with special support needs.
- It ensures that learners receive the desired quality of education and improving the learner's productivity, safety and well-being.
- Enhance competitiveness and credibility by implementing an effective EOMS, which complements a learner-centric approach.

### ISO 21001:2018 Principles

<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Focus on learners and other beneficiaries</li> <li><input checked="" type="checkbox"/> Visionary Leadership</li> <li><input checked="" type="checkbox"/> Engagement of people</li> <li><input checked="" type="checkbox"/> Process approach</li> <li><input checked="" type="checkbox"/> Continual Improvement</li> <li><input checked="" type="checkbox"/> Evidence-based decisions</li> </ul>	<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Relationship management</li> <li><input checked="" type="checkbox"/> Social responsibility</li> <li><input checked="" type="checkbox"/> Accessibility and equity</li> <li><input checked="" type="checkbox"/> Ethical conduct</li> <li><input checked="" type="checkbox"/> Data Security &amp; Protection</li> </ul>

## Integrated ISO Certification Audits:

- QMS (ISO 9001:2015) and EOMS (ISO 21001:2018) audits can be coupled together for documents preparation purposes.
- Similarly, QMS, EOMS and Green (ISO / IEC 17020:2012) Audits can be combined together in terms of documents and records preparation followed by certification.

## List of Organizations undertaken Air Quality, Carbon, Green, Environment, Energy, Fire Safety, Soil, Water, Waste Management and ISO Certification Audits in Pan India

### List of Central and State Government Organizations undertaken Green, Environment, Energy, Waste Management and ISO Audits (Pan India)

S.No	Name of the Organizations
1.	Alagappa University, Karaikudi, TN.
2.	Aligarh Muslim University, Aligarh, UP.
3.	Andhra University, Vishakhapatnam, AP.
4.	Anil Surendra School of Commerce, Mumbai, MH.
5.	Avinashilingam Institute for Home Science & Higher Education, Coimbatore, TN.
6.	Balwant Sheth School of Architecture, Mumbai, MH.
7.	Bharathiar University, Coimbatore, TN.
8.	Bharathidasan University, Tiruchirappalli, TN.
9.	Botanical Survey of India, Coimbatore, TN.
10.	Central Research Institute of Agricultural Research, Hyderabad, TS.
11.	Central University of Tamil Nadu, Thiruvarur, TN.

### List of Industries undertaken Green, Environment, Energy, Waste Management and ISO Certification Audits (Pan India)

S.No	Name of the Industries
1	Chandra Automobile India Private Limited Coimbatore, Tn.
2	Encroft Biosolutions India Pvt Ltd, Coimbatore, TN.
3	Hand in Hand India, Kanchipuram, TN.
4.	Inera Crop Science Pvt. Ltd., Gurugram, HR.
5.	Manjilas Food Tech. Pvt. Ltd., Pollachi, TN.
6.	Manjilas Food Tech. Pvt. Ltd., Palakkad, KL.
7.	Manjilas Food Tech. Pvt. Ltd., Thrissur, KL.
8.	Madhu Jayanthi International Ltd, Coimbatore, TN.
9.	Moon Foods, Tiruchengode, Namakkal, TN.
10.	Sunilla Foods, Salem, TN.
11.	TCP Limited, Karaikudi, TN.
12.	VJ Biotech, Coimbatore, TN.

## Green Campus Programme through Tribal Children:

Programme on making 'School green campus' through tribal children are being conducted periodically. The importance of plants and green campus concept are taught through volunteers from various Colleges and Universities. In addition, air, water, soil and noise pollution, healthy foods, avoidance of chemical fertilizers and plastics, rain water harvesting mechanism and importance of drinking water, control of mosquitos and stagnant of water bodies to the students are being taught.

## Conduct of National and International events:

NSF is periodically conducted various national and international events across the world for the benefit of the society. These programmes are organized by the students and staff members of International Eco Club Students Chapter. Some of the important events are World Environment Day, World Nature Conservation Day, National Science Day, World Cancer Awareness Day, World Wildlife Day, International Women's Day, World Water Day, International Biological Diversity Celebration, International Yoga Day, World Ozone Day, World Nature Day, World Conservation Day and National Energy Conservation Day.

## Memorandum of Understandings (MoU) :

NSF is signing 'Memorandum of Understanding (MoU)' with various Colleges, Universities and Industries across India for conducting environment awareness programmes, collaborative project proposal submission to national / international funding agencies, joint research paper publications in peer reviewed journals, filing patents & copy rights, projects on environmental protection and nature conservation, wastewater treatment and solid waste management and tribal development & women empowerment and upliftment programmes.

## Adaptation of Tribal School Children:

A total of 22 Tribal children from Marudhamalai Tribal School and 13 Tribal children from Mannar Tribal School, Mannar Village, Coimbatore District, Tamil Nadu have been adopted by the NSF since 2018. School uniforms, stationery materials and school bags have been periodically supplied to children to support their education and improve their living standards.

## List of NSF Journals:

NSF has launched the following four journals to publish the original research articles.

1. **International Journal of Nature Science**  
(ISSN 2584-2846)
2. **International Journal of Social Sciences & Commerce**  
(ISSN 2584-2714)
3. **International Journal of Computer Science & Management**  
(ISSN 3048-6246)
4. **International Journal of Engineering Innovations**  
(ISSN 3048-6234)
